INDEPENDENT AUDITOR'S REPORT TO THE DIRECTORS OF DUZI-UMNGENI CONSERVATION TRUST (ASSOCIATION INCORPORATED UNDER SECTION 21)

Report on the financial statements

We have audited the annual financial statements of Duzi-Umngeni Conservation Trust, which comprise the directors' report, the balance sheet as at 28 February 2010, the income statement, the statement of changes in equity and cash flow statement for the year then ended, a summary of significant accounting policies and other explanatory notes, as set out on pages 3 to 13.

Directors' responsibility for the financial statements

The company's directors are responsible for the preparation and fair presentation of these financial statements in accordance with South African Statements of Generally Accepted Accounting Practice for Small and Medium Sized Entities, and in the manner required by the Companies Act of South Africa. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error, selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's responsibility

Except as discussed in the following paragraph, we conducted our audit in accordance with International Standards on Auditing. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

Qualification

As is common to non profit organisations who receive a significant amount of their income by way of donations, we are unable to satisfy ourselves as to the completeness of income disclosed in these financial statements.

Audit opinion

In our opinion, except for the effects of the abovementioned qualification, the financial statements present fairly, in all material aspects, the financial position of the company at 28 February 2010, and of its financial performance and cash flows for the year then ended in accordance with South African Statements of Generally Accepted Accounting Practice for Small and Medium Sized Entities, and in the manner required by the Companies Act of South Africa.

Emphasis of matter

Without qualifying our opinion, we draw attention to page 4 in the financial statements, which indicates that the company incurred a net deficit of R50,331 (2009: R58,372) during the year ended 28 February 2010 and, as of that date, the company's total liabilities exceed its assets by R127,169 (2009: R76,838). These conditions indicate the existence of a material uncertainty, which may cast significant doubt about the company's ability to continue as a going concern. In our opinion the going concern assumption is still adequate, as indicated in note 13 of the financial statements.

Supplementary information

Without qualifying our opinion, we draw attention to the fact that the supplementary schedule set out on pages 14 - 15 does not form part of the annual financial statements and is presented as additional information. We have not audited this schedule and accordingly do not express an opinion on it.

DIRECTORS' REPORT FOR THE YEAR ENDED 28 FEBRUARY 2010

The directors have pleasure in submitting their report together with the audited annual financial statements for the year ended 28 February 2010.

General review

The company commenced operations in 2006. The main business which the company carries on is to assess, monitor, champion and enhance river health along the length of the uMsunduzi and uMngeni rivers through research and strategic partnerships with communities and organisations and raising, facilitating and channelling funding for such purpose.

No matter which is material to the financial affairs of the company has occurred between 28 February 2010 and the date of approval of the financial statements.

Financial results

The results of the company for the year under review are fully set out in the attached financial statements and require no further comment.

Post balance sheet events

No material fact or circumstance, which requires comment, has occurred between the accounting date and the date of this report.

Directors and secretary

The directors of the company during the accounting period and up to the date of this report were as follows:

D A Still

P M Graham

T R Gorven

C S Everson

I W Bailey

J D Lindsay

S Cohen

E J Taylor

G M Cullen (resigned 16/04/2010)

The name and address of the secretary is as follows:

Colenbrander Incorporated P O Box 3699 Pietermaritzburg 3200

Auditors

Colenbrander Incorporated will continue in office in accordance with section 270(2) of the Companies Act.

Colenbourder un.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 28 FEBRUARY 2010

1. Accounting policies

The following are the principal accounting policies of the company, which are consistent in all material respects with those applied in the previous year, except as otherwise indicated.

Basis of preparation

The financial statements have been prepared on the historical cost basis.

Plant and equipment

Plant and equipment are stated at cost less accumulated depreciation. Depreciation is recorded by a charge to income computed on the straight line basis so as to write off the cost of the assets over their expected useful lives. The expected useful lives are as follows:

	Years
Computer equipment	1
Field equipment	1 - 5
Furniture and fittings	1

Expenditure on additions and improvements to plant and equipment including the cost of related interest is capitalised as the expenditure is incurred.

Contract work in progress

Contract work in progress consists of time spent, materials purchased and other costs incurred on contracts, which are in progress at year end, but have not yet been invoiced to the client. Work in progress is stated at estimated net realisable value.

Revenue

Income from donations received is recognised on receipt in cash or any other form.

Financial instruments

- Initial recognition

The company classifies financial instruments, or their component parts, on initial recognition as a financial asset, a financial liability or an equity instrument in accordance with the substance of the contractual arrangement.

Financial assets and financial liabilities are recognised on the company's balance sheet when the company becomes party to the contractual provisions of the instrument.

Cherphany m.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 28 FEBRUARY 2010

1. Accounting policies (continued)

- Trade and other receivables

Trade receivables are measured at initial recognition at fair value, and are subsequently measured at amortised cost using the effective interest rate method. Appropriate allowances for estimated irrecoverable amounts are recognised in profit and loss when there is objective evidence that the asset is impaired.

The carrying amount of the asset is reduced through the use of the allowance account, and the amount of the loss is recognised in the income statement within operating expenses. When a trade receivable is uncollectable, it is written off against the allowance account for trade receivables. Subsequent recoveries of the amounts previously written off are credited against operating expenses in the income statement.

- Trade and other payables

Trade payables are initially measured at fair value, and are subsequently measured at cost, using the effective interest rate method.

- Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value. These are initially and subsequently recorded at fair value.

Cash flows

For the purposes of the cash flow statement, cash includes cash on hand, deposits held on call with banks, investments in money market instruments, and bank overdrafts.

Comparative figures

Where necessary, comparative figures have been adjusted to conform with any changes in presentation in the current year.

13. Going concern

As at 28 February 2010, the company is technically insolvent. It incurred a net deficit of R50,331 (2009: R58,372) and its total liabilities exceeded its total assets by R127,169 (2009: R76,838). In our opinion the going concern assumption is still adequate due to the following factors:

185 780

223 719

- This is the company's fourth year of trading.
- This is a company incorporated under section 21 and is not created to be profitable, but rather to achieve its main objectives and to be sustainable.
- The directors are not aware of any reason why the entity may not continue as a going concern for the forseeable future.
- The entity's directors are actively attempting to improve fundraising.
- Sponsorship from the National Lottery Board has, subsequent to year end, been secured for the next three years for an amount of R 8 000 000 per annum.
